In spite of the title, this is not a remote desktop software. it is a patch and an unpack.Guns of the Gargantuan Guns of the Gargantuan (Scorpia Gun) is a vector graphics computer game released by Bullfrog Productions for DOS in 1996. It is the company's debut title and is the first of many games in the series. Guns of the Gargantuan is similar to text-based adventure games like Zork or King's Quest, but with a strong visual style and a heavy artillery focus. The game was programmed by an unknown artist known only as The Don, as early graphics programs like Deluxe Paint and Softimage did not yet exist at the time. The game was never finished by Bullfrog at the time of release, and was only released in an unfinished state. It was finished up by a third-party publisher called Byte Limited and published by GT Interactive a year later. Plot The game features the player as Vampi, a mercenary, hired to reclaim an asteroid base that the evil galactic empire seized from a rival corporation called Cepheus after it was sold. Vampi is lead there by an army general known
